

Frogs.

Frogs are green.

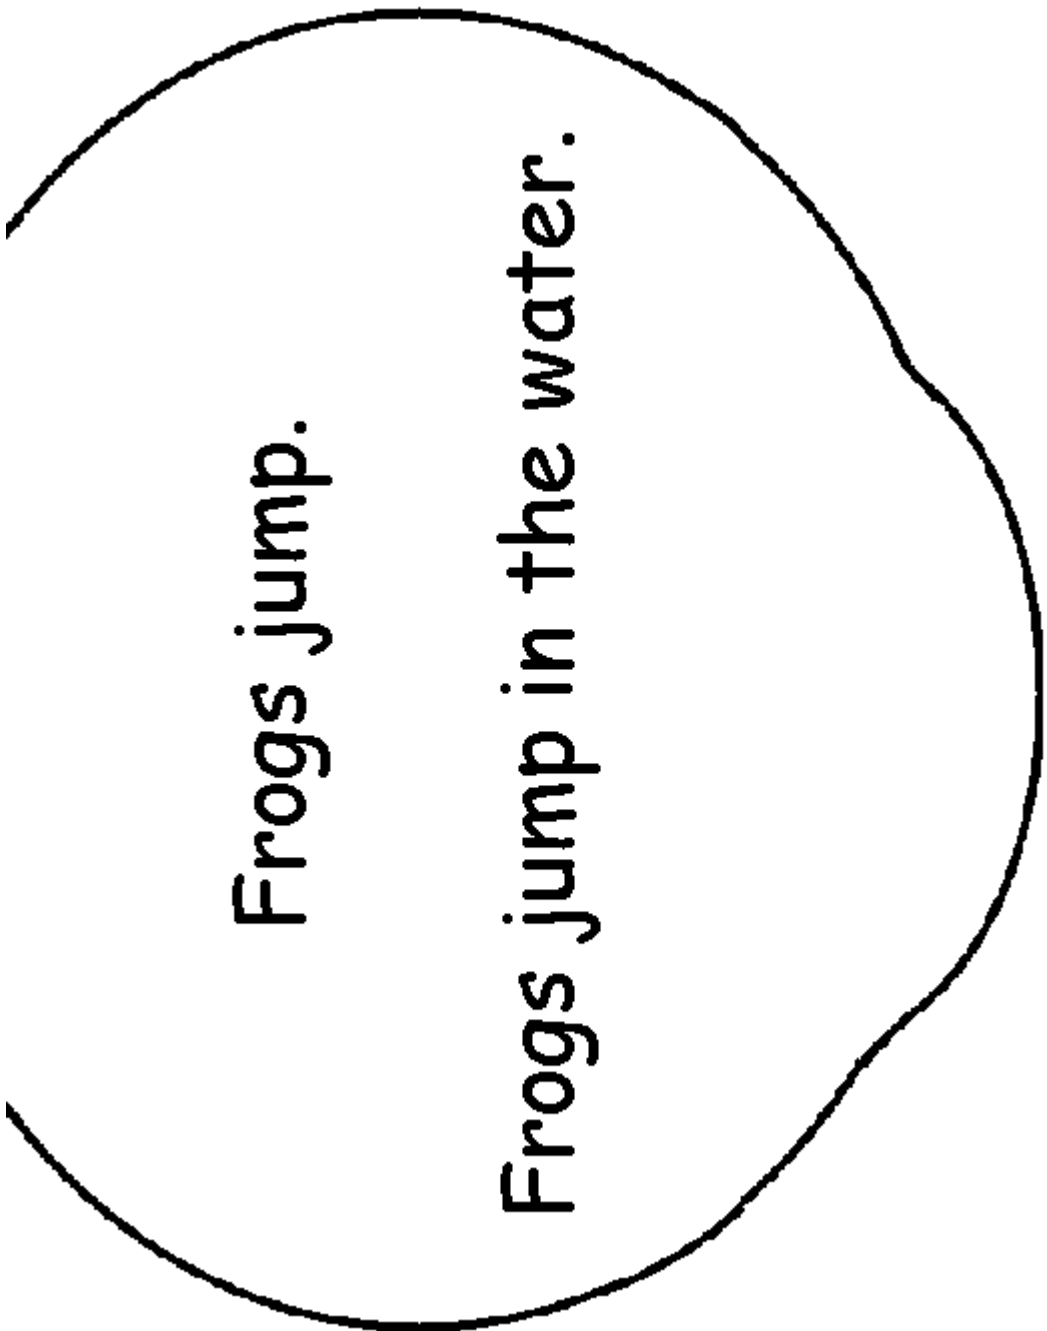

**Frogs hop.**

**Frogs hop on logs.**

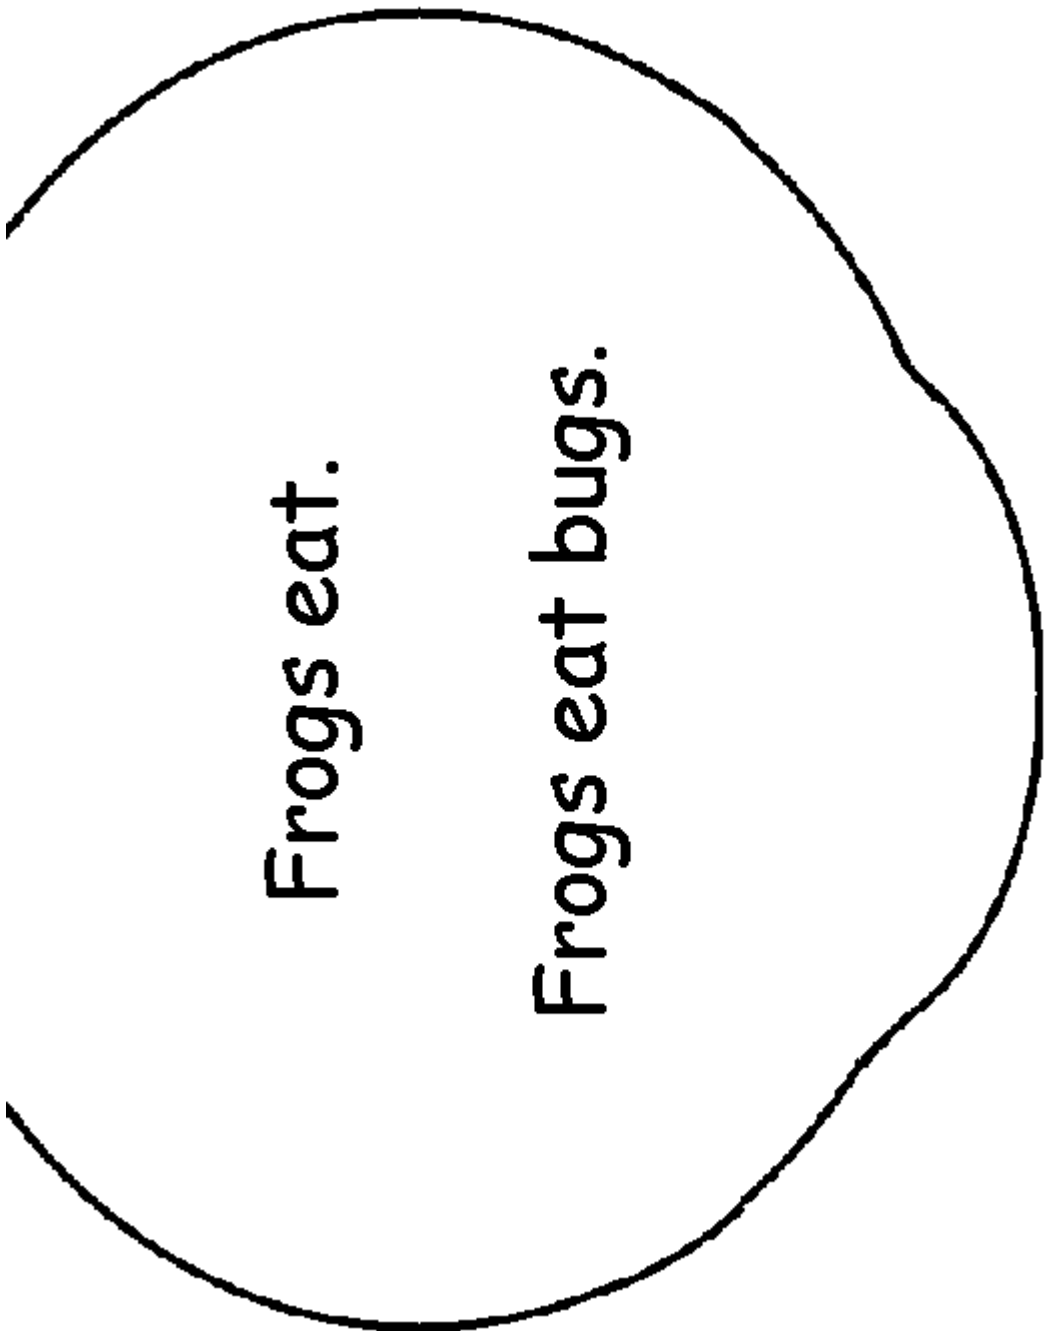

Frogs swim.

Frogs swim in the pond.

**Frogs jump.**

**Frogs jump in the water.**

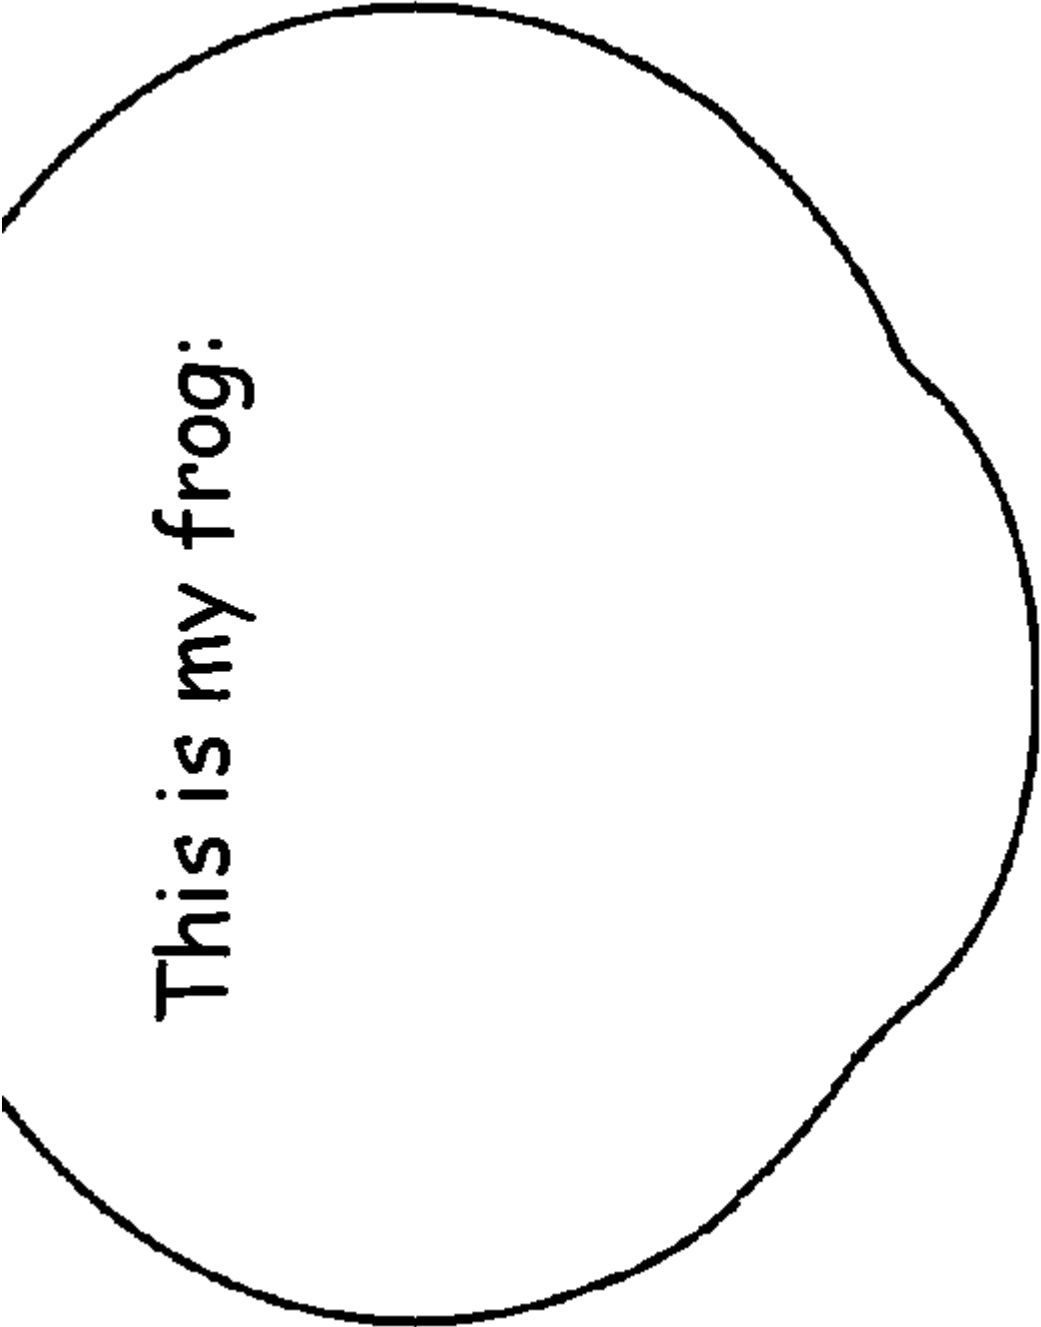

Frogs eat.

Frogs eat bugs.

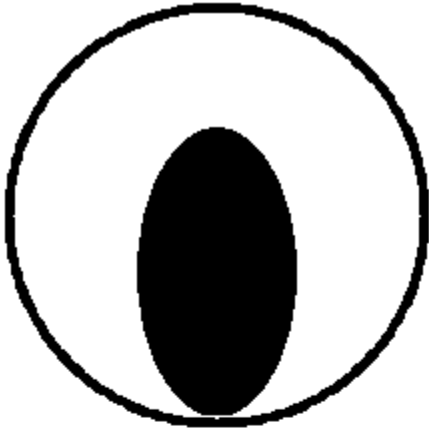

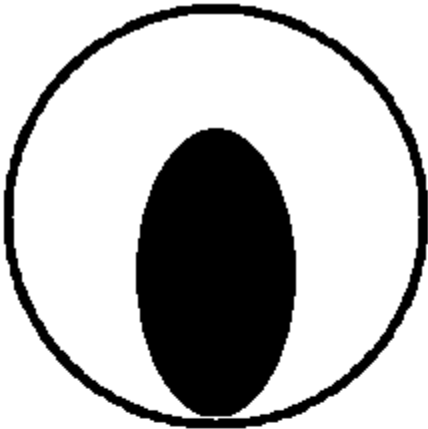

**I like frogs.**

**Frogs are neat.**

**This is my frog:**

# Frog File Folder Book

## KinderPrintables.com

This is an original idea, created by me. Text for the story is also original.

**Directions:** Copy 1 frog face onto green paper. Place the template on a file folder. The file folder can be green or any other color. Glue the paper onto the folder with the flat part of the frog head along the fold. Let dry. Then cut out the folder to match the lines on the frog head. Do NOT cut the fold!

Copy 1 set of pages, and cut out. Put pages in order, and staple on the inside of the back cover.

Last step is to glue on the eyes to the back of the folder. For durability this book can be laminated prior to cutting out.
